Welcome
to the Electronic College of Process Innovation -- your knowledge center for a comprehensive set of documents, tools, and guidebooks available on the topic of business process change and creating customer value. As you become familiar with our Electronic College, you will be able to easily find and use the information you need . . . whether you are just a casual but curious browser, a senior executive in need of briefing materials, or an organizational change agent requiring specific tools. No matter what your skill level, you will find that our Electronic College was built with you in mind.
What's new for Spring 1997:
The Archives - an adjunct library that provides historical documentation on the U.S. Government's experience in process improvement

Research & Development
Descriptive Summaries
This site provides an online repository of the Department of Defense, Research & Development, Descriptive Summaries (RDDS). Another common name associated with RDDS data is PEDS (Program Element Descriptive Summaries).
Research & Development, Descriptive Summaries include narrative information on Research, Development, Test and Evaluation (RDT&E) Programs and Program Elements (PE Numbers) within the Department of Defense. The RDDS repository contains data from the U. S. Air Force, U.S. Army, and a host of other Defense Agencies.
